On 21 July the undersigned reached AEBOLSTER-1, inquired if he had any news. He replied that Mr. Galan was going to Washington on 22 July in order to confer with Mr. Grossmann of USEP re Subject. The undersigned gave Subject a ~~switch~~ sterile phone number (previously checked out) METROPOLITAN 8-3199 so that he can communicate with us as soon as he hears of new developments.

It is to be noted that between the two phone calls, the undersigned checked with Mr. Pahlavian and Mr. Shore, USEP referrents, re MOLSTER's statements concerning his need for a security clearance from the FBI for his new job (Director of UuARC in Europe) to see if ~~there~~ it indeed ~~w~~ere the case that USEP would check out <sup>with</sup> those being considered for important posts ~~in~~ <sup>among</sup> emigre organizations who receive support from USEP (such as UuARC). They disclaimed any knowledge of this and further stated that they doubted that this could be the case since they saw no need for USEP to require <sup>names of</sup> ~~names of~~ that the emigre orgs submit <sup>potential</sup> leaders ~~for~~ <sup>for</sup>

name check purpose. The undersigned countered that it was her thought that it very possible that USEP might require this of those emigre orgs which they support with U.S. funds to assure that suspect types-or worse-not obtain positions of leadership where they would have the possibility of influencing policies of the ~~XXXXX~~ USEP-supported emigre orgs.

In this connection AECASSOWARY-3 during course of a contact meet with [ ] of SR/3/PP indicated belief that the leadership (in above context) was subjected to name checking by USEP. Not e that this info was unsolicited by [ ]

Hqs. sent DIR- 36173 to Munich advising them that AEBOLSTER 1 had been delayed and that we would notify them of his eta subsequently.
